

PACE X ULTRA™

Experience the next generation of performance with the upgraded PACE®-X rig – the most advanced, high-spec land rig in the Lower 48. From deeper wells to longer laterals, every element of this rig was purpose-built to push boundaries and maximize efficiency in today’s toughest drilling environments.

Benefits

- Built for Longer Laterals
- Designed to Lower Total Cost of Drilling
- Optimized for High-Pressure Formations
- Equipped with Advanced Drilling Technologies

Drilling Technologies

PACE®-X Ultra™ includes all the automation technologies you know and trust, powered by our **SmartROS®** rig operating system. It also supports technologies from our collaborations with **Halliburton, Corva, SLB** and others – bringing even more value to your drilling program.

Feature	PACE-X Ultra™
Racking Board	35,000 ft
Mast Rating	1,000,000 lbs
Top Drive	C500 High-Torque or Sigma
Engines / Generators	6 x CAT 3512C With Smart EMS and DGB2
Mud Pumps	3 x 2,000 HP 10,000 PSI Mud Pressure
Electrical	Increased to support mud coolers and other third-party loads
